INDEX TO THE ADVANCEMENT OF SCIENCE

Volume XVIII, Nos. 71–76, 1961–62

Figures in heavy type preceding page references indicate the parts of *The Advancement of Science* in which references will be found.

Titles of communications are frequently abbreviated.

Africa, old and new leadership in, Dr. Lucy Mair, **76,** 595
  Pleistocene chronology in E., Dr. W. W. Bishop, **75,** 491
African animals, new development in conservation of, Dr. L. Harrison Matthews, **76,** 581
  jurisprudence, Prof. Max Gluckman, **75,** 439
Agriculture, revolution in, Sir William Slater, **73,** 249
Ancient Fields, H. C. Bowen, **74,** 312
ANGWIN, Col. J. B. P., Photogrammetry at your service, **74,** 373
Animal breeding, future of, Dr. A. Robertson, **76,** 537
ASHBY, Sir Eric, Investment in education in Nigeria, **73,** 243
Automation, impact of, Dr. B. V. Bowden, **76,** 543

BEAVER, Prof. S. H., Technology and geography, **74,** 315
BISHOP, Dr. W. W., Pleistocene chronology in E. Africa, **75,** 491
Black shale, oil and sulphide ore, Prof. Kingsley Dunham, **73,** 284
BOOKS:
  for the general reader, N. B. L. list, **71,** 110, **72,** 201, **74,** 406, **76,** 600
  received, **74,** 404
  reviews, **72,** 204, **74,** 404
BOWDEN, Dr. B. V., Impact of Automation, **76,** 543
BOWEN, H. C., Ancient fields, **74,** 312
Brain and intelligence, Dr. Hugh Jarvie, **71,** 37
Brains, economic use of, Prof. C. F. Carter, **73,** 222
British Association in the 1960's, P. A. Macrory, **75,** 409
BRITISH ASSOCIATION NEWS:
  Annual Meeting, *see* Norwich
  Area Committees of the British Association:
    Lecture programmes, **72,** 156
    Meeting of representatives at Norwich, **75,** 456
    New committees, **72,** 156
  Granada Lectures, **72,** 154
  Junior B. A. Meetings:
    Sheffield, **75,** 456
    West Midlands, **72,** 156
  Lecture service, **71,** 51, **72,** 158, **75,** 458
  Norwich Meeting, **72,** 153, **75,** 455
    Eidophor television system, **72,** 155
    Meeting of Area Committee representatives, **75,** 456
    N.B.L. exhibition *Science for All*, **72,** 154
    Present and the past, **71,** 51
    Young People's Programme, **72,** 153
  Science fairs:
    Manchester, **71,** 52
    Tees-side, **76,** 557
  Science in the Primary School conference, **72,** 157, **75,** 457
BUNYAN, Ian T., The Moon, 72, 139

CAMPBELL, Dr. B. G., Status of the Swanscombe skull in the hominid lineage, **75,** 498
CARTER, Prof. C. F., The economic use of brains, **73,** 222
Cattle, increasing the calving rate in, by hormonal therapy, Dr. Ian Gordon, **71,** 42
CHALK, Dr. L., Wood anatomy, **75,** 460
Chemistry and the spectroscope, Prof. R. G. W. Norrish, **74,** 351
Circuit-breakers, physical principles of switches and, Dr. M. P. Reece, **74,** 329
CLARK, Sir Wilfrid Le Gros, The humanity of man, **73,** 213
COCKCROFT, Sir John, Development of science and technology in the future, **72,** 119
  President of the Association—a profile, **73,** 300
Communicating with Caliban, Prof. H. J. Eysenck, **71,** 83
Conservation of African animals, new development in, Dr. L. Harrison Matthews, **76,** 581
CRANBROOK, Earl of, Science, politics, and social service, **75,** 476
Crowther, from Galton to, Prof. George Seth, **73,** 273

Dating the emergence of Man, Dr. K. P. Oakley, **75,** 415
DAVIES, Dr. E. Beresford, Advances in treatment by psychotropic substances, **72,** 159
DAVIES, H. W. E., Recent industrial changes in South Wales, **71,** 65
DAVIES, R. D., Magnetic field of the Galaxy, **71,** 78
DEACON, Dr. G. E. R., Need for advancement of marine science, **73,** 229
DICKER, G. H. L., Current research on the control of fruit pests, **72,** 129
DUNHAM, Prof. Kingsley, Black shale, oil and sulphide ore, **73,** 284

Earth, interior of the, Dr. R. Stoneley, **74,** 339
Echoes from the past, **74,** 328
Ecology of higher fungi, Prof. Dr. Gösta Lindeberg, **72,** 187
Economic use of brains, Prof. C. F. Carter, **73,** 222
Economics for the uninitiated, R. L. Smyth, **71,** 5
Education in Nigeria, investment in, Sir Eric Ashby, **73,** 243
  and technological change, Prof. J. W. Tibble, **71,** 33
  in Uganda, Dr. B. E. Lawrence, **75,** 499
EYSENCK, Prof. H. J., Granada Lecture on *Communicating with Caliban*, **71,** 83

Field archaeology, experiment in, Dr. P. A. Jewell, **71,** 106
FLEMING, Dr. Launcelot, Sermon preached by the Bishop of Norwich, **75,** 436
Flower and the bee, Dr. Mary Percival, **72,** 148
Food additives and health, Dr. J. R. Nicholls, **76,** 519
  and population in the tropical world, Prof. D. L. Linton, **74,** 391
  production for the expanding world population, Sir E. John Russell, **75,** 427
Fruit pests, current research on the control of, G. H. L. Dicker and R. C. Muir, **72,** 129
Fungi, on the ecology of higher, Prof. Dr. Gösta Lindeberg, **72,** 187

Galaxy, magnetic field of the, R. D. Davies, **71,** 78
Galton to Crowther, from, Prof. George Seth, **73,** 273
Gap—and the bridge, Sir John Wolfenden, **76,** 511
Geography, technology and, Prof. S. H. Beaver, **74,** 315
Glossary of Geographical terms, Ed. Prof. L. Dudley Stamp, **75,** 459
GLUCKMAN, Prof. Max, African jurisprudence, **75,** 439
GORDON, Dr. Ian, Increasing the calving rate in cattle by hormonal therapy, **71,** 42
GRANADA LECTURES:
  Communicating with Caliban, Prof. H. J. Eysenck, **71,** 83
  The gap—and the bridge, Sir John Wolfenden, **76,** 511
GREGORY, Dr. R. A., Commercial production of silicones, **71,** 25
GRIFFITH Miriam V., Thermoelectric refrigeration, **72,** 135

HAGGER, D. F., Recent industrial changes in South Wales, **71,** 65
Health, food additives and, Dr. J. R. Nicholls, **76,** 519
Hearing measurement, standardisation of, T. S. Littler, **71,** 55
HIGGS, E., Mediterranean coastal Pleistocene faunas, **75,** 490
HOLTTUM, Dr. R. E., Plant taxonomy as a scientific discipline, **73,** 234
HOOIJER, Dr. D. A., Palaeontology of hominid deposits in Asia, **75,** 485
Hormonal therapy, increasing the calving rate in cattle by, Dr. Ian Gordon, **71,** 42
Humanity of Man, Sir Wilfrid Le Gros Clark, **73,** 213
Hunger—can it be averted ?, **74,** 314
HUNTER, Dr. E., Technical development of a new product—Polythene, **72,** 171

Indigenous foods, N. W. Pirie, **75,** 467
Industry and industrial sociology, J. H. Smith, **71,** 99
  the unprogressive in, and some remedies, M. Zvegintzov, **76,** 564
INGHAM, Dr. J. G., Psychological field studies in defined populations, **73,** 265
INGRAM Prof., D. J. E., Kelvin Lecture on *From radar to spectroscopy—new regions of the spectrum*, **76,** 523
Intelligence, brain and, Dr. Hugh Jarvie, **71,** 37
Interior of the Earth, Dr. R. Stoneley, **74,** 339
Investment in education in Nigeria, Sir Eric Ashby, **73,** 243

JARVIE, Dr. Hugh, Brain and intelligence, **71,** 37
JEWELL, Dr. P. A., Experiment in field archaeology, **71,** 106
JONES, Glanville R. J., Basic patterns of settlement distribution in northern England, **72,** 192

Kelvin Lecture on *From radar to spectroscopy—new regions of the spectrum*, Prof. D. J. E. Ingram, **76,** 523
KURTEN, Dr. B., Dating of the earliest hominids, **75,** 489

LAWRENCE, Dr. B. E., Education in Uganda, **75,** 499
Leadership in Africa, old and new, Dr. Lucy Mair, **76,** 595
Life and environment on the bed of the sea, Prof. C. M. Yonge, **74,** 383
LINDEBERG, Prof. Dr. Gösta, On the ecology of higher fungi, **72,** 187
LINTON, Prof. D. L., Population and food in the tropical world, **74,** 391
LITTLER, T. S., Standardisation of hearing measurement, **71,** 55
LONSDALE, Dame Kathleen, Religion of a scientist, **76,** 559

LOOKING AT SCIENCE:
engineering slides, **74**, 402
film catalogues, **75**, 510
index of chemistry, **71**, 77
lists, chemistry, **71**, 74
physics, **73**, 302
technical subjects, **72**, 180
films at Norwich, **75**, 509
fossils, visual aids, **75**, 510
mathematics teaching, **74**, 402
receptions for science teachers, **73**, 304
school television, novel experiment in, **73**, 306
visual approach to general science, **76**, 578
Wallcharts, **74**, 403, **75**, 509

McBURNEY, Dr. C. B. M., Absolute chronology of Palaeolithic in E. Libya and problem of upper Palaeolithic origins, **75**, 494
MACRORY, F. A., British Association in the 1960's, **75**, 409
Magnetic field of the Galaxy, R. D. Davies, **71**, 78
MAIR, Dr. LUCY, Old and new Leadership in Africa, **76**, 595
Man, dating the emergence of, Dr. K. P. Oakley, **75**, 415
humanity of, Sir Wilfrid Le Gros Clark, **73**, 213
Marine science, need for advancement of, Dr. G. E. R. Deacon, **73**, 229
Mating systems and the breeding of perennial crops, N. W. Simmonds, **72**, 183
MATTHEWS, Prof. Sir Bryan, The Senses and the sciences, **74**, 363
MATTHEWS, Dr. L. Harrison, New development in the conservation of African animals, **76**, 581
Moon, the, Ian T. Bunyan, **72**, 139
MUIR, R. C., Current research on the control of fruit pests, **72**, 129

Natural auxins of roots, Prof. H. E. Street, **71**, 13
NICHOLLS, Dr. J. R., Food additives and health, **76**, 519
Nigeria, investment in education in, Sir Eric Ashby, **73**, 243
NORRISH, Prof. R. G. W., Chemistry and the spectroscope, **74**, 351
Northern England, basic patterns of settlement distribution in, Glanville R. J. Jones, **72**, 192
Norwich, sermon preached by the Bishop of, Dr. Launcelot Fleming, **75**, 436
Notes and Comments, **71**, 1, **72**, 113, **73**, 205, **74**, 307, **75**, 411

OAKLEY, Dr. K. P., Dating the emergence of Man, **75**, 415
Oil, black shale and sulphide ore, Prof. Kingsley Dunham, **73**, 284

Pakistan's attack on poverty, technology and, Prof. Abdus Salam, **71**, 19
PERCIVAL, Dr. Mary, The flower and the bee, **72**, 148
Perennial crops, mating systems and the breeding of, N. W. Simmonds, **72**, 183
Photogrammetry at your service, Col. J. B. P. Angwin, **74**, 373
Physical principles of switches and circuit-breakers, Dr. M. P. Reece, **74**, 329
PIRIE, N. W., Indigenous foods, **75**, 467
Plant taxonomy as a scientific discipline, Dr. R. E. Holttum, **73**, 234
PLEISTOCENE DATING AND MAN, **75**, 485
hominids, dating of earliest, Dr. B. Kurtén, **75**, 498
palaeontology of deposits in Asia, Dr. D. A. Hooijer, **75**, 485
status of Swanscombe skull in lineage of, Dr. J. S. Weiner and Dr. B. G. Campbell, **75**, 498
Palaeolithic, absolute chronology of in E. Libya and problem of upper P. origins, Dr. C. B. M. McBurney, **75**, 494
deposits at Keswick, Dr. J. Waechter, **75**, 498
lower succession in Thames valley, J. J. Wymer, **75**, 498
middle and upper sequence in S-W Asia, Dr. J. Waechter, **75**, 497
Pleistocene, chronology in E. Africa, Dr. W. W. Bishop, **75**, 491
chronology, Westleton beds as datum horizon for, Prof. S. W. Wooldridge, **75**, 494
faunas, Mediterranean coastal, E. Higgs, **75**, 490
Midland succession and its relation to Palaeolithic cultures, Prof. F. W. Shotton, **75**, 498
Politics, science and social service, Earl of Cranbrook, **75**, 476
Polythene, technical development of a new product, Dr. E. Hunter, **72**, 171
Population, food production for the expanding, Sir E. John Russell, **75**, 427
and food in the tropical world, Prof. D. L. Linton, **74**, 391
Poverty, technology and Pakistan's attack on, Prof. Abdus Salam, **71**, 19
Psychological field studies in defined populations, Dr. J. G. Ingham, Dr. J. O. Robinson and Dr. K. Rawnsley, **73**, 265
Psychotropic substances, advances in treatment by, Dr. E. Beresford Davies, **72**, 159

Radar to spectroscopy—new regions of the spectrum, Prof. D. J. E. Ingram, **76**, 523
RADLEY, Sir Gordon, World communications, **73**, 257
RAWNSLEY, Dr. K. Psychological field studies in defined populations, **73**, 265
REECE, Dr. M. P., Physical principles of switches and circuit-breakers, **74**, 329
Refrigeration, thermoelectric, Miriam V. Griffith, **72**, 135
Religion of a scientist, Dame Kathleen Lonsdale, **76**, 559
Revolution in agriculture, Sir William Slater, **73**, 249
ROBERTSON, Dr. A., Future of animal breeding, **76**, 537
ROBERTSON, Prof. A. J., Economic aspects of the standard of living, **76**, 586
ROBINSON, Dr. J. O., Psychological field studies in defined populations, **73**, 265
Roots, natural auxins of, Prof. H. E. Street, **71**, 13
RUSSELL, Sir E. John, Food production for the expanding world population, **75**, 427

SALAM, Prof. Abdus, Technology and Pakistan's attack on poverty, **71**, 19
Science in the sixties, Dr. Alan T. Waterman, **72**, 166
politics, and social service, Earl of Cranbrook, **75**, 476
and technology in the future, development of, Sir John Cockcroft, **72**, 119
Sea, life and environment on the bed of the, Prof. C. M. Yonge, **74**, 383
Senses and the sciences, Prof. Sir Bryan Matthews, **74**, 363
SETH, Prof. George, From Galton to Crowther, **73**, 273
Settlement distribution, basic patterns of, in northern England, Glanville R. J. Jones, **72**, 192
SHOTTON, Prof. F. W., Midland Pleistocene succession and its relation to Palaeolithic cultures, **75**, 498
Sieve tube translocation, mechanism of, Prof. P. E. Weatherley, **76**, 571
Silicones, commercial production of, Dr. R. A. Gregory, **71**, 25
SIMMONDS, N. W., Mating systems and the breeding of perennial crops, **72**, 183
SLATER, Sir William, Revolution in agriculture, **73**, 249
SMITH, J. H., Industry and industrial sociology, **71**, 99
SMYTH, R. L., Economics for the uninitiated, **71**, 5
Social service, science, and politics, Earl of Cranbrook, **75**, 476
Sociology, industry and, J. H. Smith, **71**, 99
South Wales, recent industrial changes in, H. W. E. Davies and D. F. Hagger, **71**, 65
Spectroscope, chemistry and the, Prof. R. G. W. Norrish, **74**, 351
STAMP, Prof. L. Dudley, *Glossary of Geographical Terms*, **75**, 459
Standard of living, economic aspects of, Prof. A. J. Robertson, **76**, 586
STONELEY, Dr. R., Interior of the Earth, **74**, 339
STREET, Prof. H. E., Natural auxins of roots, **71**, 13
Sulphide ore, black shale and oil, Prof. Kingsley Dunham, **73**, 284
Switches and circuit-breakers, physical principles of, Dr. M. P. Reece, **74**, 329

Technological changes, education and, Prof. J. W. Tibble, **71**, 33
Technology and geography, Prof. S. H. Beaver, **74**, 315
and Pakistan's attack on poverty, Prof. Abdus Salam, **71**, 19
Thermoelectric refrigeration, Miriam V. Griffith, **72**, 135
TIBBLE, Prof. J. W., Education and technological change, **71**, 33
Tropical world, population and food in the, Prof. D. L. Linton, **74**, 391

Uganda, education in, Dr. B. E. Lawrence, **75**, 499
Unprogressive in industry and some remedies, M. Zvegintzov, **76**, 564

WAECHTER, Dr. J., Middle and upper Palaeolithic sequence in S-W Asia, **75**, 497
Palaeolithic deposits at Keswick, **75**, 498
